The Airbus tools The A330neo's four-hour-plus first flight was performed by an A330-900 variant designated MSN1795 by Airbus. At Airbus, partners and suppliers are part of an extended family, and they play a crucial role in the common business success. Around 80% of Airbus' activity is sourced.

Be an Airbus Supplier - Airbus

What each Airbus airliner does: visual guide | Data It is difficult to say whether Airbus' lineup of airliners is easier or harder to understand than Boeing's. On the one hand, there are less models and the production history is not as densely packed with experiments. On the other hand, there are things that seem to defy logic.
