While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Approaching The Quran Early Revelations

In this second edition, Sells introduces important new translations of suras and a new preface that addresses the ongoing controversy over teaching about Islam and the Qur'an in American universities. Approaching the Qur'an presents brilliant translations of the short, hymnic suras associated with the first revelations to the Prophet Muhammad. Most of these early revelations appear at the end of text and are commonly reached only by the most resolute reader of existing English translations.
