demonstrate what they have learned.

Discovering Geometry: Resources for Teaching and Learning

With Discovering Geometry teachers meet students at their current point of knowledge and guide them to a high level of understanding. Students will develop the ability to reason, justify, and prove geometric properties by performing constructions, measuring figures, relating patterns and properties, and discussing their findings.

Discovering Geometry | Flourish

In Discovering Geometry we develop reasoning skills in four general ways: 1. First, when students perform investigations and make conjectures in the form of formulas (e.g., a formula for the number of diagonals of an n -gon or a formula for the sum of the measures of the interior angles of an n -gon) students must use
