Escience Labs Biology Enzyme Lab Answers

eScience Labs: How/why did you decide to build an online science course program? RM: Back in 2003, our VP of Instruction came to the Biology Department with this "unique" opportunity. The College was developing a fully online Associate's Degree and our non-major's one semester general biology course had been designated as the science ...

eScience Labs: The Perfect Partner in Online Science. But ...

Enzymes are a special class of proteins. In the absence of the enzyme, the chemical reactions of digestion would occur at such a slow rate, the body would essentially starve to death. The digestive system would take about 50 years to process just one meal, if it did not have the needed enzymes to speed up the process.
