### Interactive Approaches To Second Language

The paperback edition presents up-to-date theory, research, and classroom applications in second language reading from an interactive perspective. The book supports the view that reading in a second language involves more than decoding; instead, reading is seen as an interactive process whereby the learner's own background and knowledge contribute to understanding reading material.

An Interactive Approach to Language Pedagogy, by Douglas Brown, is an excellent book for the study or consultation of topics related to the field. I used it in a class that I took at Ohio University and is among the few that I brought back home with me, despite the limited luggage one can fly with. We studied it from cover to cover.
