DOTLINE Motor Tilter | Bass Pro Shops

Your motor has a latch to keep it tilted all the way up for servicing. Use caution if you are trying to replace the cable. The trim uses pressurized nitrogen for the tilt assist and correct servicing procedures and care must be followed. Use a service manual and eye protection and understand what you have to do. Jamber

40 Johnson - Manual Tilt Failure - Moderated Discussion Areas

The trim-and-tilt feature uses an electro-hydraulic mechanism to raise or lower the motor slowly. In general, most trim-and-tilt features move the propeller end of the outboard motor about 90 degrees. There are a number of different outboard trim-and-tilt units that are based on the size and type of outboard motor.
