Globalization and Private International Law In ...

On this view, "public" international law is said to cover relations between nation-states and includes fields such as treaty law, law of sea, international criminal law, the laws of war or international humanitarian law, international human rights law, and refugee law. By contrast "private" international law, which is more commonly termed "conflict of laws", concerns whether courts within countries claim jurisdiction over cases with a foreign element, and which country's law applies.
