Standing Soldiers Kneeling Slaves Race

Standing Soldiers, Kneeling Slaves explores how that history of slavery and its violent end was told in public space—specifically in the sculptural monuments that increasingly came to dominate streets, parks, and town squares in nineteenth-century America. Here Kirk Savage shows how the greatest era of monument building in American history arose amidst struggles over race, gender, and collective memory.

Standing Soldiers, Kneeling Slaves: Race, War, and ...

Standing Soldiers, Kneeling Slaves probes a host of fascinating questions and remains the only sustained investigation of post-Civil War monument building as a process of national and racial definition. Featuring a new preface by the author that reflects on recent events surrounding the meaning of these monuments, and new photography and illustrations throughout, this new and expanded edition reveals how monuments exposed the myth of a “united” people, and have only become more ...

'Standing Soldiers, Kneeling Slaves' In 1879, the "Freedmen's Memorial" was supposedly the vision of emancipated Black slaves. Indeed, "African Americans, mostly soldiers, contributed the cash," wrote Kirk Savage in "Standing Soldiers, Kneeling Slaves: Race, War, and Monument in Nineteenth-Century America," but "white sponsors collected the money and decided how to spend it." (page 92)

The juxtaposition of the monument to the black Confederate pensioners and the monument to Confederate soldiers in Monroe, North Carolina is suggestive of the difficulty that Southerners have had acknowledging the historical legacy of slavery.

Commemorative Landscapes of North Carolina

As Americans remove Confederate statues from the public landscape, and debate the symbolism of monuments such as Washington, D.C.'s Emancipation Statue, with its standing Lincoln and kneeling slave, it is instructive to reflect on the paths not taken.
