income, physical ability or mental acuity. Examples of such services include the fire brigade, police, air force, and paramedics. Even where public services are neither publicly pro

## **Public service - Wikipedia**

Abstract. The government provides goods and services instead of, or in addition to, the market. Community goods, e.g. defence, street lighting, flood control, because: they are not divisible according to individual preferences; there is non-excludability for 'free-riders'. Collective goods which, although indivisible, can exclude 'free-riders' by fees or tolls, e.g. parks, museums, motorways, bridges.

will change in the future. Fiscal stress at the state and local level could be a major factor in increasing demand for their work. It could also signal less resources for these nonprofits as they become increasingly responsible for this work.

## **The Nonprofit Sector and the Provision of Public Services ...**

'Private provision' is taken to mean the production, provision, or delivery of public services by the private sector in one or more ways. The author's starting point is that private providers are generally more likely than governments to meet public needs, but he discusses five situations described in the economic literature in which market failure is said to justify government intervention:
