Home | Common Core State Standards Initiative

The Common Core State Standards (CCSS) were developed by a council made up of state governors as well as state heads of education. Their charge was to develop a like set of internationally benchmarked standards that would be adopted and used by every state. Forty-two states have currently adopted and implemented these standards.

...

Planning a unit of instruction demands skill and mental exertion—a fact that is not apparent to parents and legislators who believe that the Common Core State Standards (CCSS) tell instructors how and what to teach. Despite advocacy groups' arguments to the contrary, the CCSS is, for the most part, a destination, not a roadmap.
