It's never easy to predict how well a team did in the draft before the players step foot on the field. However, it is clear that the Vikings found a lot of value throughout the entire draft process. From day one, all the way to the undrafted phase of the draft, the Vikings drafted some potential hidden gems in this draft class.

The Minnesota Vikings found value throughout the entire ...

Such relics are usually discovered along the country's northern coastline, near an important trade route for the Vikings. Historically, Viking warriors were known to raid the area which is now Estonia, according to Ancient Origins, and they erected hill forts and outposts for trade in the vicinity.
